1040; 21 U. S. C. 372 a), the regulations for the inspection of canned sea food (21 CFR 155.0 et seq.) as amended (14 F. R. 6944) are amended as indicated below:

1. In § 155.6, *General requirements for plant and equipment*, paragraph (f) is amended to read as follows:

(f) Shrimp shall be picked into flumes which immediately remove the picked meats from the picking tables; except shrimp may be picked into seamless containers of not more than 3 pints capacity

if the picked meats are not held in such containers for more than 15 minutes before being flumed from the picking tables.

2. Section 155.6 is further amended by adding the following new paragraph:

(c) If shrimp are picked into containers, such containers shall be cleaned and sanitized as often as may be necessary to maintain them in a sanitary condition, but in no case less frequently than every 2 hours. Whenever pickers are absent from post of duty, containers shall be cleaned and sanitized before picking is resumed.

These amendments shall become effective as of the date of this order.

Notice and public procedure are not necessary prerequisites to the promulgation of this order and would be contrary to public interest, and I so find, since it relieves restrictions in existing regulations; it has been approved by interested members of the affected industry; and it would be contrary to public interest to delay the production of a product with less chitinous material, which the amended regulation will insure.

Law 402, 80th Cong.), and the authority contained in the Code of Federal Regulations, Title 22, § 65.11 (e), the following regulations are prescribed for the administration of the program of assistance to Chinese students:

- 67.2 Qualifications for participation.
- 67.3 Purpose of program.
- 67.4 Types of grants.
- 67.5 Payments in advance of expenditures.
- 67.6 Payees and mode of payment.
- 67.7 Individual authorization.
- 67.8 Emergency payments.

AUTHORITY: §§ 67.1 to 67.8 issued under Pub. Law 402, 80th Cong., Pub. Law 327, 81st Cong.

§ 67.1 *Definition.* The program providing payment of necessary expenses of tuition, subsistence, and return passage to China for selected citizens of China to study in accredited colleges, universities, or other educational institutions in the United States approved by the Secretary

of State for the purpose of this regulation, is hereby designated as the program of "Emergency Aid to Chinese Students" (hereinafter referred to as "the program").

§ 67.2 *Qualifications for participation.* In order to qualify for assistance under the program an individual must be a citizen of China, must have been engaged in a course of study in the United States during the academic year 1948-49, must be enrolled and doing work in an accredited college, university or other educational institution in the United States approved by the Secretary of State for the purpose of the program, must be carrying sufficient work to meet academic requirements, must be in good standing with the institution in which enrolled, and must be in need of financial assistance.

(b) *Subsistence.* Such subsistence as is considered necessary to cover expenses for board and room. These expenses may include a sum sufficient to cover, in limited amounts, back debts to the respective universities which are considered justifiable in the individual cases. Except under unusual circumstances which will require special justification, subsistence should not exceed \$150 per month.

(c) *Tuition and incidental expenses.* Such tuition and incidental expenses as may be considered essential. These payments may also be applied to cover limited back debts for tuition and incidental expenses.

§ 67.5 *Payments in advance of expenditures.* Students who receive awards may receive payments in advance of the actual expenditure.

§ 67.6 *Payees and mode of payment.* All payments for tuition, subsistence, and incidental expenses will be made payable to the individual student. Checks issued in the name of the individual student will be transmitted to the proper university representative in order to insure proper administration thereof.

§ 67.7 *Individual authorization.* Where these regulations provide for payments, no payment shall be made therefor unless a definite amount or basis of payment is authorized in the individual case.

§ 67.8 *Emergency payments.* Any emergency, unusual, or additional payment deemed necessary under the program, if allowable under existing authority, may be authorized whether or not specifically provided for in this regulation.

This regulation shall be effective as of November 16, 1949.

ESTABLISHMENT OF GRAZING DISTRICTS AND ISSUANCE OF GRAZING LEASES

§ 63.2 *Policy.* The beneficial utilization of the public land in Alaska for the purpose of livestock grazing shall be conducted in such manner as may be considered necessary and consistent with the purposes of the act but shall be subordinated to the development of their mineral resources, to the protection, development and utilization of their forests, their water resources, their use for agriculture, and such other resources as may be of greater benefit to the public.

§ 63.3 *Definitions.* As used herein, "Secretary" means Secretary of the Interior; "Director" means Director, Bureau of Land Management; "Regional Administrator" means Regional Administrator, Bureau of Land Management, Anchorage, Alaska; and "Manager" means Manager, District Land Office, Bureau of Land Management, in whose district the lands involved are situated; "the act" means the act of March 4, 1927 (44 Stat. 1452, 48 U. S. C. secs. 471, 471a-471o).

§ 63.4 *Area subject to lease.* Pursuant to the act, three districts for the grazing of livestock were established on June 30, 1928, and the boundaries thereof were declared to be temporarily coin-

cident with the boundaries of the three public land districts in Alaska. The Secretary of the Interior may add to such grazing district any public lands which, in his opinion, should be made a part of the district or, subject to valid existing rights of any lessee, may exclude from such district any lands which he determines are no longer valuable for grazing purposes or are more valuable for other purposes. Grazing leases will be granted only for such areas in a grazing district as may be deemed adequate and usable according to the needs of the lessee.

§ 63.5 *Lands subject to lease.* Vacant, unreserved and unappropriated public lands in a grazing district are subject to lease, provided they are not embraced in natural grazing grounds or routes of migration of wild animals, such as caribou or moose. Public lands within the boundaries of a grazing district which have been withdrawn for any purpose, are subject to lease if the Department or agency having jurisdiction thereof consents to the issuance of the grazing lease, provided the lands are outside of the Aleutian Islands Reservation, outside of national forests and other reservations administered by the Department of Agriculture, and outside of national parks and monuments.

§ 63.6 Qualifications of applicants. Any person who is the head of a family, or who has arrived at the age of 21 years, and is a citizen of the United States or a lawful resident of the Territory of Alaska, or any group or association composed of such persons, or any corporation organized under the laws of the United States or of any State or Territory thereof authorized to conduct business in Alaska, may file an application for a grazing lease.

§ 63.7 *No right acquired by applicant prior to lease.* The filing of an application will not segregate the land applied for from application by other persons for a grazing lease or from other disposition under the public-land laws. As the issuance of a lease is discretionary, the filing of an application for a lease will not in any way create any right in the applicant to a lease, or to the use of the lands applied for, pending the execution of a lease.

§ 63.8 *Classes of applicants; preference rights.* So far as is consistent with the administration of the grazing districts, applicants for grazing leases shall be given preference in the following order:

(a) Natives.
(b) Persons occupying the range on March 4, 1927, and
(c) Settlers over all applicants other than (a) and (b).

Any person claiming a preference right to a lease must furnish a statement, duly corroborated, setting forth the facts on which such claim is made.

§ 63.9 *Application for lease.*³ An application for lease should be filed in the

^aTitle 18, U. S. C., sec. 1001, makes it a crime for any person knowingly and willfully to make any department or agency of the United States any false, fictitious or fraudulent statements or representations as to any matter within its jurisdiction.

proper district land office. No specific form of application is required, but an application should contain or be accompanied by the following:

(a) Applicant's full name, post office address, the general nature of his business and the principal place of business.

(b) The age and a statement as to the citizenship status of the applicant, if an individual, or as to each partner or member of a partnership or association. Every applicant must be a lawful resident of Alaska, or a citizen of the United States, or one who has declared his intention to become such citizen. A co-partnership or an association applicant shall file a certified copy of whatever written articles of association its members have executed. A corporation shall file a certified copy of its articles of incorporation, evidence that it is authorized to transact business in the Territory of Alaska, and a copy of the corporation minutes or resolution authorizing the filing of the application and the execution of the lease.

(c) Description of the land for which the lease is desired, by legal subdivision, section, township and range, if surveyed, and by metes and bounds, with the approximate area, if unsurveyed. The metes and bounds description should be connected by course and distance with some corner of the public-land surveys, if practicable, or with reference to rivers, creeks, mountains, towns, islands, or other prominent topographical points or natural objects or monuments.

(d) The names and post office addresses of two references as to the applicant's reputation and business standing.

(e) Description by legal subdivision, section, township and range, if surveyed, or by metes and bounds, with approximate area, if unsurveyed, of lands owned or controlled by the applicant which adjoin any of the tracts in the application.

(f) A statement as to the kind and number of animals or livestock proposed to be grazed on the land each year, and the period for which the grazing lease is desired.

(g) A statement as to whether the land is occupied, claimed, or used by natives of Alaska or others, and, if so, the nature of the use and occupancy and the improvements thereon, if any. Also the names and address of all owners of the improvements and whether such owner or owners claim the right of occupancy under any of the public-land laws, if known or obtainable.

(h) A statement that the applicant is acting solely on his own account and not under an agreement or understanding with any other for joint operation.

(i) The serial numbers of all other applications filed or leases obtained under the act of March 4, 1927 by the applicant, or applicant's spouse or business associate, or in which the applicant has a direct or indirect interest.

(j) A statement as to the buildings and improvements which the applicant proposes to place on the land including their estimated cost and a description of the tracts desired for their site.

(k) The number of acres of privately owned lands that are used by the applicant for cultivation to crops and the number of acres of such lands that are

used for grazing purposes, and the manner in which the applicant plans to graze the lands applied for in connection with his general operations.

(l) A statement as to the previous use by the applicant of the lands covered by the application, the number of years the lands were so used, the class of livestock and the number of livestock and the period of use such livestock grazed on the lands each year.

(m) A showing as to hot or medicinal springs required by 43 CFR 292.8.

§ 63.10 Filing of application; copies necessary. An application for a lease should be filed in duplicate in the district land office for the district in which the lands applied for are situated, except when it embraces lands within the jurisdiction of more than one district land office, in which event it must be furnished in triplicate and may be filed in either office.

§ 63.11 Annual rental. Unless otherwise provided, each lessee shall pay to the proper district land office such rental per head or per acre as may be determined to be a fair charge for the grazing of livestock on the leased land, the compensation to be fixed with due regard to the general economic value of the grazing lease. The date for making the annual payment will be specified in the lease. If the rental is to be paid according to the number of animals grazed, no charge will be made for grazing animals under one year of age, provided they are the natural increase of the stock upon which rental fees are paid.

§ 63.12 Free grazing; reduction in grazing fee; no annual rental charged for lease to native or half-breed. Any person, including prospectors and miners, may graze free of charge not more than 10 animals upon any land included within any grazing district upon applying to the Regional Administrator in person or by letter, stating the number and kind of stock to be thus grazed, the lands upon which the grazing will take place, and the approximate time such grazing will be continued. Any Eskimo or other native or half-breed, or association thereof, may apply for a grazing allotment on unallotted public lands, and a lease shall be issued to him or them as to other persons, except that no annual rental will be charged for such lease. Such applicant must show by a corroborated statement that the applicant is an Eskimo or other native or half-breed, or an association thereof, and entitled to such lease without charge. When an Eskimo, native, or half-breed through cooperative agreement, grazes his livestock without payment of annual rental on an allotment held by other lessees, any grazing fee charged for such land on the basis of acreage will be reduced in proportion to the relative number of such native-owned livestock, as compared to the total number on said allotment.

§ 63.13 Protests. Protests against an application for a lease, or an allotment, should be in duplicate, contain a complete disclosure of all facts upon which the protest is based, and describe the lands involved in such protest. If the protestant desires to lease all or part of the land embraced in the application

against which the protest is filed, the protest should be accompanied by an application for a grazing lease.

§ 63.14 Transmittal of proposed lease and issuance of lease. If the application is complete and in conformity with the law and regulations and it is determined by the Regional Administrator that a proposed lease should be transmitted, the Manager will prepare a lease, with necessary copies, on Form 4-470, and send such lease to the applicant. The proposed lease must be duly executed by the applicant in duplicate or triplicate or as may be proper, and returned promptly to the district land office with such advance rental payments as may be required. When all requirements have been met and final action has been taken on any protests which may have been filed, the Manager will execute and issue the lease and will forward a copy thereof to the applicant.

§ 63.15 Recording of lease; posting notices. Immediately upon receipt of a copy of the executed lease, the lessee shall cause the same to be recorded with the recording officer for the judicial district within which the leased land is situated. Thereafter, the lessee shall return the recorded lease to the proper district land office, which shall make due notation and report of recordation and return the lease to the lessee.

The lessee shall, within one year after the date of issuance of the lease, mark the boundaries of the leased land by posting notices every one-half mile and in a conspicuous place at each boat landing in the leased area if the lease is for one or more islands, which notices should contain a description of the land, the name and address of the lessee and a statement that it is occupied for grazing purposes under grazing lease identified by serial number, date and tenure.

§ 63.16 Assignments and subleases. Proposed assignments of a lease, in whole or in part, or subleases, must be filed in triplicate with the district land office within 90 days from the date of its execution, for transmittal to the Regional Administrator. Such assignments or subleases must contain all of the terms and conditions agreed upon by the parties thereto, must be accompanied by the same showing by the assignee or sublessee as is required by applicants for a lease; and must be supported by a showing that the assignee or sublessee agrees to be bound by the provisions of the lease. No assignment or sublease will be recognized unless and until approved by the Manager.

§ 63.17 Renewals of leases. Applications for renewal of grazing leases should be filed within the ninety days preceding the expiration of the period for which a lease is granted. If the Regional Administrator shall determine that a renewal lease should be granted, the lessee will be offered such a lease by the Manager upon such terms and conditions and for such duration as may be fixed by the Regional Administrator.

§ 63.18 Driveways; quarantine regulations. When it appears necessary for stock to regularly cross any portion of an established grazing district, and un-

due injury to other interests will not result, suitable driveways may be established. Such driveways will be as short and as easy of passage and access as the character of the country and the protection of the other interests will permit. They will be established with care for the interests of lessees using adjoining ranges. Where driveways are reserved along well-defined routes which must be traveled, all grazing on these areas will be prohibited except by stock in transit, unless the applicant can make available an alternate comparable route of no greater difficulty for stock driveway use across any other lands under his control, in which event a short term lease may be allowed for lands in reserved driveways, but all such leases will contain a special stipulation whereby the lessee will permit the public to use the reserved lands included in the lease for the purpose for which it was reserved. Persons driving or transporting stock from one point to another must comply with the quarantine regulations prescribed by the Territorial or other proper authorities, and unless they do so the privilege may be denied them. The condition of the stock as to contagious or infectious diseases will be determined by the proper Federal or Territorial authorities.

§ 63.19 *Crossing privileges and permits therefor.* Crossing permits will ordinarily not be required when the period for crossing is short, when the stock will be driven along a public highway and will not be grazed upon the leased land, or when such crossing will not interfere with the grazing district administration or other related interests.

(a) Free crossing permits will be issued by the Regional Administrator when good grazing administration or the protection of other related interests do not make the issuance of such permits objectionable. The application must show the number of stock to be driven, the date of starting, the approximate period required for crossing, and the lands to be traversed. Applicants for crossing privileges must file their applications with the Regional Administrator, or such other person as he may designate to supervise livestock management in the area involved. It must be filed sufficiently in advance of the date when such privilege is to begin so as to enable the proper officer to handle the details of the crossing and to give such sufficient notice of the proposed crossing privilege to the lessee thereof as will enable him to remove his animals from the line of crossing, if he so desires.

(b) Applications for crossing permits may be made either in person or by letter, and permits may be issued to either the owner or persons in charge of the stock.

(c) If the land to be crossed is uninclosed and the lessee thereof does not desire to waive the right to its exclusive use, the stock must be so handled that the animals will remain on the approved route of travel.

(d) If a shipping point within a grazing district is the only one reasonably accessible to persons grazing stock outside that grazing district, crossing privileges may be allowed over leased areas under

such restrictions as are necessary to protect the interests of the lessee.

§ 63.20 *Rights reserved; public land laws applicable.* Grazing leases, permits, or allotments under this Part shall be subordinated to, and shall be subject to modification or revocation by the manager to the extent necessary to permit:

(a) The development of the mineral resources of the lands.

(b) The protection, development and utilization of the forests and water resources on the lands.

(c) The use of such lands for agricultural purposes.

(d) The protection, development and utilization of such other resources as may be of greater benefit to the public.

(e) The allowance of applications or the granting of rights, permits, leases or uses pursuant to the public-land laws, where the same will either be in the public interest or will not unduly interfere with the use of the land for grazing purposes.

(f) The temporary closing of portions of the leased area to grazing whenever, because of improper handling of the stock, overgrazing, fire or other cause, such action is deemed necessary to restore the range to its normal condition.

(g) Pursuant to the provisions of the act of August 1, 1946 (60 Stat. 755), all uranium or thorium, or other materials which have been or may hereafter be determined by the Atomic Energy Commission to be peculiarly essential to the production of fissionable materials contained in whatever concentration in the lands subject to this lease, are hereby reserved for the use of the United States, together with the right of the United States through its authorized agents or representatives at any time to enter upon the lands and prospect for, mine and remove the same, making just compensation for any damage or injury occasioned thereby.

§ 63.21 *Termination of lease; cancellation.* The Manager may terminate a lease at the request of the lessee, if the lessee shall make satisfactory showing that such termination will not adversely affect the public interest and has paid all charges due the Government thereunder. A lease may be canceled by the Manager, if the lessee shall fail to comply with any of the provisions of §§ 63.1-63.23, or of the lease. No lease will be canceled for default until the lessee has been formally advised of the default in complying with the provisions of the lease and afforded an opportunity to make a showing as to why the lease should not be canceled.

§ 63.22 *Liens; removal of improvements, fixtures and personal property.* A lien for all payments which become due under the lease is reserved to the United States on all improvements, fixtures, and personal property (including the livestock) of the lessee on the leased area. Such improvements, fixtures, or personal property (other than livestock) may not be removed from the lands unless all moneys due the United States under the lease have been paid.

If the lessee on or before the termination of his lease notifies the manager of his determination to leave on the land improvements the construction or main-

tenance of which has been authorized, no other person shall use or occupy, under any grazing lease or entry under any public land law, the land on which such improvements are located until there has been paid to the person entitled thereto the value of such improvements. If the interested parties are unable to reach an agreement as to such value, the amount may be fixed by the Regional Administrator. All such agreements, to be effective, must be approved by the Regional Administrator. The failure of the subsequent lessee to pay the former lessee in accordance with such agreement will be just cause for the cancellation of the lease.

The lessee shall be given 90 days from the date of the termination of this lease by expiration or forfeiture, in the absence of an agreement to the contrary and if all rental charges due the Government have been paid, to remove all personal property belonging to him, together with any fence, building, corral, or other removable range improvements owned by him. All such property which is not removed within the time mentioned shall become the property of the United States.

§ 63.23 *Appeals.* An appeal may be taken from any decision of the Manager, or of the Regional Administrator to the Director, and from any decision of the latter to the Secretary of the Interior, pursuant to the rules of practice (43 CFR, Part 221).

Regulations superseded. The foregoing §§ 63.1 to 63.23, inclusive, supersede §§ 63.1 to 63.26, inclusive, of Title 43 of the Code of Federal Regulations, 1938 edition.

MARION CLAWSON,
Director.

Approved: November 18, 1949.

At that time such land shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, or selection, as follows:

(a) *Ninety-day period for other preference-right filings.* For a period of 90 days from 10:00 a. m. on December 8, 1949, to close of business on March 7, 1950, inclusive, to (1) application under the Small Tract Act of June 1, 1938, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. 279, 282) as amended, and by other qualified persons entitled to credit for service under the said act, subject to the requirements of applicable law, and (2) application under any applicable public law, based on prior existing valid settlement and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Application by such veterans and by other persons entitled to credit for service shall be subject to claims of the classes described in subdivision (2).

(b) *Advance period for simultaneous preference-right filings.* All applications by such veterans and persons claiming preference rights superior to those of such veterans filed on November 18, 1949, or thereafter, up to and including 10:00 a. m. on December 8, 1949, shall be treated as simultaneously filed.

(c) *Date for nonpreference-right filings authorized by the public land laws.* Commencing at 10:00 a. m. on March 8, 1950, any of the land remaining unappropriated shall become subject to application under the Small Tract Act by the public generally.

(d) *Advance period for simultaneous nonpreference-right filings.* Applications under the small tract act by the general public filed on February 15, 1950, or thereafter, up to and including 10:00

5. A veteran shall accompany his application with a complete photostatic, or other copy (both sides) of his certificate of honorable discharge, or of an official document of his branch of service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claim. Persons asserting preference rights, through settlement or otherwise, and those having equitable claim, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

6. All applications referred to in paragraphs 3 and 4, which shall be filed in the district land office at Anchorage, Alaska, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations to the extent that such regulations are applicable. Applications under the Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Part 257 of Title 43 of the Code of Federal Regulations.

7. Lessees under the Small Tract Act of June 1, 1938, will be required, within a reasonable time after execution of the lease, to construct upon the leased land, to the satisfaction of the appropriate officer of the Bureau of Land Management authorized to sign the lease, improvements which, in the circumstances, are presentable, substantial and appropriate for the use for which the lease is issued. Leases will be for a period of not more than five years, at an annual rental of \$5.00 for home and cabin sites, payable in advance for the entire lease period. The rental for business sites will be in accordance with a schedule of graduated charges based on gross income, with a minimum charge of \$20.00 payable yearly in advance, the remainder, if any, to be paid within thirty days after each yearly anniversary of the lease. Leases will contain an option to purchase the tract at or after the expiration of one year from the date the lease is issued, provided the terms and conditions of the lease have been met.

8. All of the land will be leased in tracts of approximately two to seven acres in compact units, in accordance with the classification maps on file in the District Land Office, Anchorage, Alaska.

9. The leases will be made subject to rights-of-way for road purposes and public utilities, of 33 feet in width, on each side of the tracts contiguous to the section and/or quarter-quarter section lines. Such rights-of-way may be utilized by the Federal Government, or the State or Territory, county or municipality, or by any agency thereof. The rights-of-way may, in the discretion of the authorized officer of the Bureau of Land Management, be definitely located prior to the issuance of the patent. If not so located, they may be subject to location after patent is issued.

10. All inquiries relating to these lands shall be addressed to the Manager, District Land Office, Anchorage, Alaska.

LOWELL M. PUCKETT,
Regional Administrator.

INVENTORIES AND SALES OF INDEPENDENT RETAILERS

NOTICE OF CONSIDERATION FOR SURVEYS

Notice is hereby given that the Bureau of the Census is considering a proposal to conduct an annual survey on trends in inventories and inventory-sales ratios of independent retail stores under the provisions of the act of Congress approved June 19, 1948, 62 Stat. 478. This survey will provide the only continuing source of important information on the inventories of independent retailers in the various kinds of business and, on the basis of information and recommendations received by the Bureau of the Census, the data have significant application to the needs of the public and the distributive trades and are not publicly available from non-governmental or other governmental sources.

Such survey, if conducted, shall begin not earlier than 30 days after publication of this notice in the FEDERAL REGISTER.

Information will be collected from selected independent retail establishments in 68 Census sampling areas. Report forms furnishing information on year-end inventory of merchandise at cost value and on total annual sales will be required from all independent retail establishments selected in the areas covered in the survey. Copies of the proposed form are available on request to the Director, Bureau of the Census, Washington 25, D. C.

Any suggestions or recommendations concerning the subject matter of this proposed survey should be submitted in writing to the Director of the Census and will receive consideration.

STATISTICS OF MANUFACTURES

NOTICE OF CONSIDERATION FOR A SURVEY OF MANUFACTURING ESTABLISHMENTS

Notice is hereby given that the Bureau of the Census is considering a proposal

to conduct an annual survey of manufacturing establishments under the provisions of the act of Congress approved June 19, 1948, 62 Stat. 478. This survey will be conducted in 1950 and cover the calendar year 1949. If conducted, it will cover a representative group of about 45,000 manufacturing establishments and it shall begin not earlier than 30 days after publication of this notice in the FEDERAL REGISTER.

Report forms furnishing information on annual pay rolls, employment, man-hours, total cost of materials (including fuel and supplies), expenditures for new plant and equipment, value of shipments by class of products, and quantity and cost of a limited number of materials consumed will be required from all manufacturing establishments covered by this survey. One standard report form will be used for all industries covered in this survey, except lumber. In addition to the items listed above, the lumber form will obtain information on the production of rough lumber by species and stocks of rough lumber. Copies of the proposed forms are available on request to the Director, Bureau of the Census, Washington 25, D. C.

The information proposed to be collected is needed by Government agencies and private organizations and associations. These data have significant application to the needs of the public and industry and are not publicly available from non-Governmental or other Governmental sources.

The results of this proposed survey, in combination with data for all manufacturing establishments from the files of the Bureau of Old Age and Survivors Insurance, will make possible national totals on an over-all basis, and many industry and geographic area statistics. These results will furnish the most important measures of manufacturing activity with the least possible burden on manufacturers. Related to the 1947 Census of Manufactures, the data will provide an indication of shifts occurring between 1947 and 1949.

Any suggestions or recommendations concerning the subject matter of this proposed survey should be submitted in writing to the Director of the Census and will receive consideration.

[SEAL] P. M. HAUSER,
Acting Director.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 16th day of November 1949.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("act") by Wisconsin Public Service Corporation ("Wisconsin"), a public utility subsidiary of Standard Gas and Electric Company, a registered holding company. Wisconsin has designated sections 6 (a) and 7 of the act as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than December 1, 1949, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said declaration which

he desires to controvert or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed to the Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time thereafter said declaration may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said declaration, which is on file in the office of the Commission, for a statement of the transactions therein proposed, which may be summarized as follows:

Wisconsin proposes to adopt an amendment to its Articles of Incorporation which will provide, in effect, that unless the capital represented by its Common Stock and surplus accounts is 25% or more of the total of its Capital Stock and surplus accounts and debt maturing more than one year after date of issue, dividends (other than dividends payable in Common Stock) or distributions on, or acquisitions for value of, Common Stock may not exceed 75% of net income applicable to the Common Stock for a preceding twelve month period; and if less than 20% may not exceed 50% of such net income.

For the purpose of such computations of debt and surplus, one-third of the outstanding bonds of Wisconsin River Power Company ("River") is treated as debt capital of Wisconsin, and so much of River's surplus as is applicable to the portion of River's outstanding stock owned by Wisconsin is treated as surplus of Wisconsin. River, a public utility subsidiary of Wisconsin, is engaged in the generation and sale, at wholesale, of electric energy. At the present time Wisconsin owns approximately one-third of River's outstanding stock and is obligated and entitled to purchase one-third of the energy generated by River.

Wisconsin states that no commission other than this Commission has jurisdiction over the proposed transactions.

Wisconsin requests that the Commission's order be issued as soon as practicable and that it become effective forthwith upon issuance.

By the Commission.

With respect to the issuance of its common stock, Ohio having proposed to sell to the public through underwriters up to but not more than 1,144,000 shares of its \$8 par value common stock, subject however to a prior subscription warrant offering of 1,141,995 of such shares to the present common stockholders of Ohio on the basis of 1 share of Ohio common stock for each 2 shares of presently outstanding stock; and Ohio having also proposed to acquire so many of the remaining shares of Public Service outstanding in the hands of the public as may be tendered by the holders of such stock in exchange for shares of Ohio's common stock together with such amount of cash as may be necessary to give such holders the equivalent of \$17.50 for each share of Public Service on the basis of an assigned value to the Ohio stock equal to its public offering price; and

Ohio having requested this Commission to issue an order on or before November 18, 1949 excepting it from the competitive bidding requirements of Rule U-50 with respect to the aforesaid proposed sale to underwriters "without in any way thereby passing on or approving such proposed issues or any proposed acquisition by the company of common stock of Public Service"; and

Ohio having urged in the filing that such exception is warranted because of, among other things, the size of the proposed issue of common stock both in dollar amount and in relation to the quantity of such stock now outstanding, the fact that most of Ohio's outstanding stock was only recently distributed to the public as a part of the reorganization of the Commonwealth & Southern Corporation and the complexity of the proposed transactions, including the variety of the interests involved; and

The Commission having ordered a hearing to be held on November 23, 1949, with respect to all matters other than the said application for an order granting an exception from the competitive bidding requirements of Rule U-50; and

Said application for an order granting an exception from the competitive bidding requirements of Rule U-50 having been filed on November 10 and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to the act, and the Commission not having received a request for hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission deeming it appropriate in the public interest and in the

interest of investors or consumers that said application for exception from the competitive bidding requirements of Rule U-50 be granted, effective forthwith, subject to the terms and conditions specified below:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that the application of Ohio for an exception from the competitive bidding requirements of Rule U-50 be, and the same hereby is, granted, subject to the terms and conditions prescribed in Rule U-24, to the extent of permitting Ohio to engage in negotiations with underwriters and upon consummation thereof to enter into an agreement for the sale of the stock subject to the approval of this Commission of the proposed acquisition of the stock of Public Service as well as the proposed sale of the Ohio stock.

By the Commission.
